THE PREFACE.

THE Station of Graduats among themſelves according to our Statutes, that of Batchelors of Divinity, Law, and Phyſick, in their reſpective Faculties, depends upon their Preſentation; and ſo likewiſe does that of Doctors, except Grand-Compounders, who have Precedence of all others of the ſame Year and Faculty. All Doctors of Divinity take Place of Doctors of Law and Phyſick; but thoſe of Law and Phyſick take Place of each other according to the Time and Order of their Admiſſion and Inception in the Act. The true Station of Maſters of Arts among themſelves is according as they are ranked by the Proctors at Act; whoſe Power is nevertheleſs limited by certain Reſtrictions (to be found in our publick Statutes) one of which is that Grand Compounders be put firſt of the Year. Batchelors of Law in the Courſe of Preaching come after Maſters of Arts that are

two Years their Juniors; reckoning from the Admiſſion of the former and Inception of the latter.

An Aſteriſk denotes a Grand Compounder for that Degree to which it is affixed; and he is one who has Forty Pounds per Annum, or upwards, in temporal Eſtate or Preferment; which muſt be held for Term of Life at leaſt: and if it be Spiritual Preferment it is to be rated, not according to the real Income, but according to it's Valuation in the King's Books; but no Place of Preferment in the Univerſity makes a Man a Grand Compounder; and every one before his Admiſſion to any Degree is obliged, by virtue of his Oath taken to the Univerſity, to diſcover whether or no he be poſſeſſed of ſuch Eſtate or Preferment. Upon account of the extraordinary Fees a Grand Compounder pays, he has ſpecial Honour done him by the Univerſity, with ſeveral Privileges which he claims, one of which (as we have already obſerved concerning Doctors and Maſters) is to preceed all thoſe that take the ſame Degree that Year. It muſt be acknowledged that all Grand Compounders have not here that Mark of Diſtinction put to the Degrees for which they compounded, and on that Account no Notice ought to have been taken of any, ſince no Certainty could be had of all of them: but ſome Progreſs had been made in printing of this Catalogue before it was diſcover-

ed

ed that ſuch an accurate Account, eſpecially for the two or three firſt Years after the Reſtoration, was by no means to be procured. There is an inferior Sort of Compounders, commonly called Petty Compounders; and theſe are ſuch as have five Shillings *per Annum*, or upwards, according to the Rules and Conditions abovementioned. Some few things more are to be remarked here relating to this preſent Publication, *viz.*

1. That few *Cambridge* Men are to be found in this Catalogue, except ſome Perſons of Quality, and ſuch others as reſided with us for ſome time; becauſe by their Incorporation here they acquire no new Right or Privilege in reſpect of their Qualifications and Station in the Kingdom: but it being otherwiſe with the Members of all foreign Univerſities, Care has been taken that none of them be omitted.

2. It is obſervable, that not only the neareſt Relations, but ſometimes the ſame Perſons do write their Names differently for different Degrees; therefore whatever Error or Uncertainty may ariſe upon ſuch Account, it muſt not be imputed to the Publiſher hereof; and the ſame may be ſaid of any Miſtake that relates to the Spelling of ſuch Sirnames as depend upon other authority than that of the Subſcription Books, where we have them under the Hands of the Proceeders themſelves.

3. Where

3. Where ſeveral Men bear the ſame Sirname the Catalogue runs double, *viz.* both upon that and the Chriſtian Name; and where both Names are exactly the ſame, ſuch Perſons are placed in the Order in which they proceeded.

To the above Particulars, which are extracted from the Preface of the firſt Edition, the Editor of the preſent Edition of the Catalogue has only to add, that the former Catalogue with the three Appendixes, and the Eleven ſucceeding Years, are now compriſed in one Alphabet, for the greater convenience of thoſe who have Occaſion to examine it.
